

Guide To Accessibility Of Adath Facilities

Before you arrive:

- Call and ask where a meeting is if you do not know where it is.
- If you know you will need assistance please call and ask for it.

Parking Areas:

Main parking lot has disabled parking closest to the door at the bottom of the spine. From this entrance, the social hall is immediately to the right, along with a small coat rack. To get to the sanctuary, chapel, library, and elevator, one must walk (or roll) up a long incline.

Front Parking lot has seven disabled parking spaces which are a short uphill walk to the front horseshoe and front entrance. This entrance is near two coat closets and stairs down to the social hall. It enters near the top of the spine, approaching the main sanctuary.

Horseshoe at the front entrance can be used for drop off or pick up. It can also be used for parking for minyan services and evening meetings. (at the synagogue)

Gan Parking Lot has disabled parking. This entrance is good to use for services and programs on upper level of the buildings, with access by both stairs and elevator.

All three entrances have automatic door openers, but they open slowly – so be patient. The automatic door opener at the front entrance is at the far left side, a small button which can be difficult to locate.

Seating in Sanctuary

There are spaces for wheelchair use in the last three rows of the sanctuary, on both the right and left sides. These areas also can be used as space to place a walker.

Privacy Room

This room, which provides an area where one can hear what is happening over the sound system in the sanctuary but which is sound proof, is used for various purposes during services or during a program in the sanctuary. This can be a good option for those who cannot remain quiet but do not want to disrupt a quiet event. It is accessible from a hallway on the right side of the sanctuary, all the way down on the left hand side.

Social Hall

Social hall is accessible from bottom of the spine (near entrance from main parking lot). From the sanctuary, one can reach the social hall either by going down a flight of stairs or by going down the long slope to the bottom of the spine.

Ramps

Ramps to the bimah are on both sides of sanctuary.

Wheelchairs

Wheelchairs are available. They are in the coatroom, which is near the main entrance of the building. Please find an usher to assist you.

Elevator

- From the Gan entrance, walk straight down the hall to the elevator.
- From the main parking lot entrance or the front entrance, walk up the spine, to the left.

Four Sets Of Restrooms All Have Accessible Stalls

- Between the Social Hall and Sanctuary , halfway up the spine
- Between Privacy Room and Social Hall, up a sloped hallway from the spine.
- Gan Level, near entrance.
- Upper Level near Board Room

Adaptive Products

- We have listening devices available
- We have large prayer books available
- (Automatic door openers on all entrances into the building - include this where you describe entrances)
- Sign language interpreter available upon request. Call ahead to schedule this please.

It is our goal to make Adath accessible to all. Please ask us for what you need.
